TECHNICAL SECTION

263/c

CONSTRUCTION LICENCE

Licence No. 16/2014

Date: 06/08/2014

Licence is hereby granted for carrying out the --

- * (a) **Construction of Commercial/Residential Bldg**
as per the enclosed approval plan/plans in the property zoned as 'C-1' Zone in the ODP and situated at Baina, Vasco City, Mormugao Taluka, Goa town bearing Chalta No. 20 to 24 of PTS No. 133, of approved Development Permission Order No. MPDA/1-F-229/2013-14/1074 Dated: 02/12/2013 with the following conditions:-
1. The applicant shall strictly comply all the conditions imposed in the Development Permission Order No. MPDA/1-F-229/2013-14/1074 Dated: 02/12/2013 issued by the Mormugao Planning and Development Authority.
 2. The applicant shall notify the Council for giving the alignment of the building.
 3. The construction should maintain the minimum prescribed horizontal and vertical clearances from any overhead electrical line passing adjacent to the construction.
 4. If the electrical line passes above the plot where the building has to be constructed the applicant should take necessary steps and see to it that the electrical line is shifted elsewhere before the commencement of work.
 5. All RCC/Structural works shall be designed and supervised by the Engineer who has signed the Structural Liability Certificate submitted to the Municipal Council.
 6. RCC design and calculation shall be the sole risk and liability of the designer and developer. The Chief Officer and none of its staff shall be responsible for faulty structural design or execution on site.
 7. The structural engineer of the licensee shall be fully responsible for the execution of the work on the site i.e. for maintenance of quality and safety during pre and post and during construction stage.
 8. No material for construction or earth from excavation or any other construction material shall be stacked on the Public roads or footpath without prior permission of the Chief Officer, failing which action will be taken as per Section 174(3) of the Goa Municipalities Act, 1968.
 9. The Building should not be occupied unless the occupancy certificate is obtained from the Council.
 10. The construction licence shall be revoked if the construction work is not executed as per the approved plans and the statements therein and whenever there is any false statement or misrepresentation of any material passed, approved or shown in the application on which the permit was based.
 11. Septic tank should be provided with adequate size but if possible Sewerage connection is preferred. However in case the ground is rocky addition soak pit of appropriate size should be provided.
 12. The applicant should construct a separate septic and a soak pit in order to derivate in the stillage water.
 13. Any soak pit should be constructed at a minimum distance of 15 meters away from any well.
 14. The ventilation pipe of the septic tank should be provided with a mosquito net.
 15. The Applicant should connect the pipelines from their latrines/WC's to the sewerage line at their own cost, when the sewerage line is commissioned.

M. A. M.
Municipal Engineer
MORMUGAO MUNICIPAL COUNCIL
VASCO-DA-GAMA, GOA

The applicant should fix a board at a prominent place whenever the construction is started, indicating the number, the date and the authority for which the licence for development work has been granted.

268/C

17. All the building material and other rubbish should be cleared from the construction site before applying for the Occupancy certificate.
18. Water storage tanks shall be provided with mosquito proof lids and over flow pipes. The tanks should be provided with access ladders wherever necessary.
19. The drains surrounding the plot if any should be constructed with PCC and should be covered with removable RCC slabs of sufficient thickness.
20. The applicant should gift the road widening area to the council before applying for the Occupancy certificate, if the applicant has utilized the extra FAR in lieu of the road widening affecting the plot.
21. The applicant should plaster and paint the building internally as well as externally before applying for Occupancy certificate. Exposed brick/laterite/concrete/stone/ashlars masonry finish to buildings will also be permitted.
22. The applicant should provide a dustbin at a convenient place accessible for the Municipal vehicle for collection of garbage.
23. Road widening area shall be asphalted to the existing road level before applying for occupancy certificate.
24. Garages and Parking areas shown in the approved plan shall be strictly used for parking purposes only and should be easily accessible to vehicles. No commercial activities shall be allowed in these areas.
25. Access up to the entrance of the building is to be paved and is provided with drainage facilities.
26. Space for parking of vehicles is clearly demarcated on the ground.
27. No Restaurants/Bars will be permitted in the shops unless a separate soak pit is provided besides confirming to the rules in force.
28. No commercial activities will be permitted in the shops unless a separate permission is obtained from this council.
29. All temporary sheds/existing buildings shown to be demolished in the plan are to be demolished before applying for Occupancy certificate.
30. Fire Escape staircases, if applicable shall be constructed as indicated in the approved plans.
31. All internal courtyards should be provided with drainage outlet.
32. The applicant should maintain all existing natural drains in the plot and should not block them at any stage.
33. No soak pit or other structures should come in the road widening area.
34. The plot boundary should be cordoned off by continuous sheet fencing either of wood or metal during the construction period.
35. The construction of compound wall should not obstruct any pathway or any public access. The applicant shall make necessary arrangements for smooth flow of rain water by keeping adequate openings in the compound wall for the purpose.
36. The construction of compound wall should be as per the approved plan. The applicant shall inform this council after the completion of the compound wall.
37. The gates shall open outwards on to the road.
38. Drinking water well should be 15 meters away from any soak pit.
39. Building should be constructed preferably having a sloping roof with mangalore tiles.
40. No projection of the building shall be constructed in neighbouring property.
41. Adequate toilet facilities should be compulsorily provided at the construction site before taking alignment for the use of labourers engaged in the construction work.

Municipal Engineer
MUGAO MUNICIPAL COUNCIL
VASCO-DA-GAMA GOA

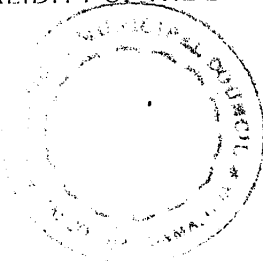

- 258/c
42. In the event the applicants desire to construct a temporary store room he/she should obtain prior permission of the Chief Officer by furnishing relevant plans.
 43. Sump of adequate capacity should be provided below the ground level.
 44. All curing water/stored water used for construction will be treated with anti-larval chemicals and should be properly covered to avoid breeding of mosquito instead of treading with anti-larval chemicals larvae eating fish like "Kan Katre" should be inserted.
 45. Licensee shall ensure that all labourers process Health Cards and renew it in 3 (three) months, as requested under Section 75(A) of Goa Public Health Act. No labour should be engaged by the Contractor/Developer/Builder without a valid Health Card and shall be produced to the Health Staff on demand.
 46. The applicant should provide mail boxes (pot boxes) at ground level.
 47. Traditional access/Natural drain if passing through the property should be strictly maintained.
 48. N.O.C. from Health Officer should be obtained before commencement of work and after completion.
 49. The licensee should submit Provisional N.O.C. from Directorate of Fire and Emergency Services before starting the construction work in case of high rise building.
 50. Licensee should submit final N.O.C. from Directorate of Fire and Emergency Services before applying for Occupancy Certificate.
 51. To provide basic facility like toilet, water and power supply to the workers engaged to any construction activity before commencement of actual construction be added.
 52. To provide barrier free and non-discriminatory environment for disable person.
 53. Garbage should be segregated into dry and wet and handed over to the door-to-door garbage collector appointment by CDS on the behalf of Council.
 54. This Council will not have any responsibility, as regards to complaint etc. from CRZ Authority.
 55. Chief Officer may impose any conditions at any point of time.
 56. This Council will not take any responsibility as regards to availability of water, sewerage facility and availability of electric current, width of approach road or access, part or final occupancy to the proposed project.
 57. Licensee should remove the existing encroachment in the plot before applying for Occupancy Certificate.
 58. Any misrepresentation at any stage as regards to plan, calculations, title of land etc. will result in cancellation of construction license, and applicant will not be entitled for any type of compensation.
 59. Any additional documents, which are not submitted within one month from issue of this construction license should be submitted immediately.
 60. The width of the approach road and setback etc. shown in the Mormugao Planning and Development Authority approved drawing should be maintained strictly.
 61. Licensee shall undertake construction for composting station within the premises for treatment and disposal of biodegradable Municipal Council before applying for Occupancy Certificate.
 62. In court of law any litigation that may be pending before it w.r.t. title of the land lessee/tenants rights, access to road, electricity, water etc. the builder shall be fully responsible for the same.
 63. Storage of water should be done in such a way that mosquito breeding doesn't take place either by introducing fish in the tanks/wells or properly covering the iron drums/plastic tanks etc. or by observing dry day once a week.
 64. Overhead tanks/sumps are provided with mosquito proof lids and other pipe fittings without any hole for the entry of mosquitoes. Outlet is to be covered by

Mormugao
Municipal Engineer
MORMUGAO MUNICIPAL COUNCIL
VASCO-DA-GAMA, GOA

65. Ladder for inspection of the tank to be installed if required. Curing water collections should be treated with anti-larval chemicals by the builders/contractors.
66. Not to engage labourers for any construction/building work unless they are screened for malaria and possess health cards. These cards are to be renewed regularly every 3 months. 256 k
67. Arrangement should be done to get their blood tested immediately in case of fever and ensure that full treatment is taken in consultation with NVBDC Programme.
68. Labourers to be provided with basic amenities like proper shelter, water for drinking and domestic purposes, proper sanitary conditions including toilet facilities.
69. To fill the pits, ditches, water pools, etc. to avoid stagnations and to ensure no mosquito breeding sites in and around specially in unused items like tyres, bottles, tins etc.
70. All septic tanks/soak pits to be constructed as per the specifications required with proper mosquito proof arrangements so that there is no overflow/leakage that could give rise to stagnation and breeding of mosquitoes.
71. Drains/Nallahs to be maintained clean around the site so that there is no blockade to flow of water. The gradient should be proper for drainage/flow and also proper cleaning of water should be done.
72. The licensee should obtain N.O.C. from Forest Department for any cutting of trees, if any, before commencement of any construction activity.
73. Renewal licence if applied within validity period shall be renewed with a fees of 25% of the licence fee and if applied beyond the validity period than the same shall be renewed with a fees of 50% of the licence.
74. All the conditions laid down in development permission granted by Mormugao Planning and Development Authority, and Health Department shall be complied.
75. Licensee shall submit N.O.C. from Sewerage Department, P.W.D. before applying for occupancy certificate or renewal of licence, whichever is earlier.
76. Road Widening Area shall be developed and surrendered to this municipal council before applying for occupancy certificate.

THIS LICENCE IS VALID FOR A PERIOD OF ONE YEAR FROM THE DATE OF ISSUE OF THIS LICENCE. RENEWAL IF REQUIRED SHALL BE APPLIED WITHIN THE PERIOD OF THE VALIDITY OF THE LICENCE.
