

WADDO

BY SHANTILAL

WADDO by Shantilal is a project comprising of a series of residential plots in Assoi Wado, Chicalim.

The layout is nestled amongst lush green vegetation comprising of coconut groves, mango, jackfruit, tamarind and banana trees, and other village flora and fauna. It lies at the foothills of the Chicalim hills and a natural spring runs along the boundary of the property.

The friendly neighbourhood has ancestral houses dating back to the 1800s. The villagers emit warmth and greet you with a smile when you pass by. The culture and festivities celebrated all year long create a sense of belonging which is lacking in today's times.

Chirping birds, babble of flowing water, murmers of the locals, and rustling palm leaves will keep you company all day long.

With a sparsely populated neighbourhood, this is a perfect place to unwind for life, amidst nature so green and serene.
