Respected Sir,

We had applied for RERA registration for our project "SUKHSAMRUDDHI SANKUL-GODAVARI BUILDING NO. 3", which is a part of the Plot having Survey no. 95/1 having four buildings. Our plot area is 8575.0 sq. mts. for all the four buildings. Out of these, we have received the completion certificate for three buildings prior to RERA Act in force. We had applied for registration of fourth building in this project. Land area for the building is calculated as Foot print of the one buildings plus access to the building. Hence the proportionate plot area for this building would be 1549.17 sq. mts. We, therefore request you to consider the area of plot for one building (GODAVARI) i.e. 1549.17 sq. mtr. And calculate the registration fees accordingly.

We request you to kindly process our RERA registration application and issue us the Registration certificate at the earliest.

Thanking You,

For Kunal Construction Co.
